Policies & features in 2018

Sung-Min Hong (smhong@gist.ac.kr)

Semiconductor Device Simulation Lab.
School of Electrical Engineering and Coumputer Science
Gwangju Institute of Science and Technology

Policies in 2018

- No S/U registration
  - Please switch to the letter-type registration immediately.

- Evaluation
  - No discrimination between different concentrations
  - Grade will be decided solely based on the total score.
  - Attendance (~10%): Additionally, there is the "2/3 rule."
  - Homework (~30%)
  - Midterm (~30%): TBD
  - Final (~30%): TBD
  - Exact percentage of each item may vary.

Features in 2018

- Less physics, more engineering
  - I will do my best.

- Up-to-date examples
  - The lecture material will be provided.
  - However, read Razavi's book, please.

- SPICE
  - We will write a SPICE-like program!

- No G-class
  - The lecture material will be uploaded in my GitHub repository.
  - Please search hi2ska2/ec2018s repository.
